PARIS GASOLINE MOTOR TURBINE

is a combination of two high-grade machines with a specific duty which uniquely and successfully makes obtainable the greatest efficiency of both for pumping water with gasoline fuel power.

With no valves in either engine; no cranking to start, the smallest number of parts of any machine of the kind, to wear out and adjust, is the most all-around economical pumping thing made in U. S. A.

The "Toric" lens is ground with a deep, inner curve, which permits of the lens being placed much closer to the eye, allowing a wider range of vision with no perceptible edges or annoying refractions. The "Toric" lens is for particular people who want the best and are satisfied with nothing less. It costs a little more, but it is worth it. We fit the "Toric" in eye-glass or spectacle.

Factory on the premises.

Cable News BRYAN BOOSTS FOR JOHNSON

[Associated Press Cable]
LINCOLN, Nebr., September 4.—Led into comments by the returns from California and Vermont at his home here this evening William Jennings Bryan, Democratic leader and editor of the Commoner, declared that Hiram W. Johnson, Progressive candidate for Vice-President, was the biggest Progressive in the country. "I would rather see Governor Johnson as President of the United States than Colonel Roosevelt," remarked Mr. Bryan.

Over-Night Wireless To the Advertiser

WASHINGTON, September 4.—Treasury figures for August, announced today, indicate that the government revenues were jumping over the returns for the same period of last year. Customs receipts for August and July, the first two months of the present fiscal year, ran \$4,000,000 each above figures for the same two months of 1911.

Aside from the Panama Canal and the public debt, the amount of ordinary disbursements over receipts was approximately \$16,000,000 less than for the corresponding two months last year.

The United States mints during August coined \$50,000 gold, \$56,000 silver, and \$226,000 in one dollar pieces.

United States Minister Dodge at Panama has secured some measure of satisfaction from the government of that country for the maltreatment of a number of United States citizens by the Panama police. In response to his demand Chief of Police Quijano tendered his resignation several days ago and left Panama under an assumed name for Guayaquil. Today the State Department was informed that Police Captain De la Sossa, who had refused to resign, had been separated from the service by order of his government.

The total vote cast in San Francisco county was 64,490. Of this number, 40,656 were Republican, 11,976 Democratic and 2870 Socialist. On the Republican side there were nominated one representative, one Senator and two Assemblymen. The Roosevelt faction nominated on representative, two Senators and eleven Assemblymen. On the Democratic side they nominated two Representatives, two Senators and three Assemblymen.

Three bandits, plentifully supplied with high explosives, lay in wait in an automobile twelve miles east of New Orleans last night, for a New Orleans and Cincinnati express train on the Louisville and Nashville railroad. When they heard the puffing of a locomotive, they set their plans in motion, but after they had halted the locomotive they found it was hauling freight cars. Covering their retreat with leveled guns, they made off in their machine.

A yacht flying the United States flag and having forty Americans on board, was fired upon by a Turkish fort in the Dardanelles early last month, according to reports brought by the passengers on the steamship Manitou from Antwerp, and corroborated by Miss Gertrude L. Carey and her niece, Miss Gertrude Barnes of Duluth, Minnesota, who were on the yacht.

The condition of Luis Lazo, the victim of a recent assault in Guatemala city, is extremely critical. Based on the fact that while Doctor Lazo was minister in Washington, he became a naturalized citizen of the United States, his brother, Antonio Lazo, a New York lawyer, has asked the State Department to ascertain the facts connected with the attempt upon his life.

The private detectives who have been keeping a close watch over the John D. Rockefeller estate at Pocantico Hills were today equipped with watch dogs to assist them in pursuing the Italian bandits who have been responsible for the recent hold-ups and petty crimes on the estate.

Regret at the spirit in which the Panama question is being discussed on East side of the Atlantic was expressed today by the Westminster Gazette, the government organ, whose editor, J. Alfred Spencer, is considered as possibly the next British ambassador to the United States.

Although officials of Jackson prison believe the presence of a State militia corps has cowed the unruly convicts who figured in yesterday's riot, there is a feeling in prison circles today that almost anything was liable to happen within the net forty-eight hours.

The Wilson Line steamship Nero was wrecked and badly battered today on the West coast of Scotland in her voyage from Christiania to Manchester. All persons on board are safe.
